**DRIPPING SPRINGS, TEXAS –** The City of Dripping Springs will host a second special Land Use workshop on Thursday, March 25 at 6 p.m. at the Dripping Springs United Methodist Church. This additional focus group meeting has been scheduled in an effort to increase citizen's participation and input in the City's Comprehensive Plan update.

Land Use is a topic that is important to the development of the City, citizens are encouraged to participate in the workshop. From recommending areas for high density housing and industrial or commercial land use to ensuring all aspects of preservation and maintenance of the natural or historical environment are fully considered in the City's Comprehensive Plan, the public's participation is critical to ensure that those issues most important to the citizens are addressed.

Elected Officials, city staff and other community organizations utilize the Comprehensive Plan to prepare for future growth. This is your opportunity to help shape your community's future development. The more involved residents are, the more impact and success the Plan will have.
