

# How to Create a New User Account for MyGovernmentOnline

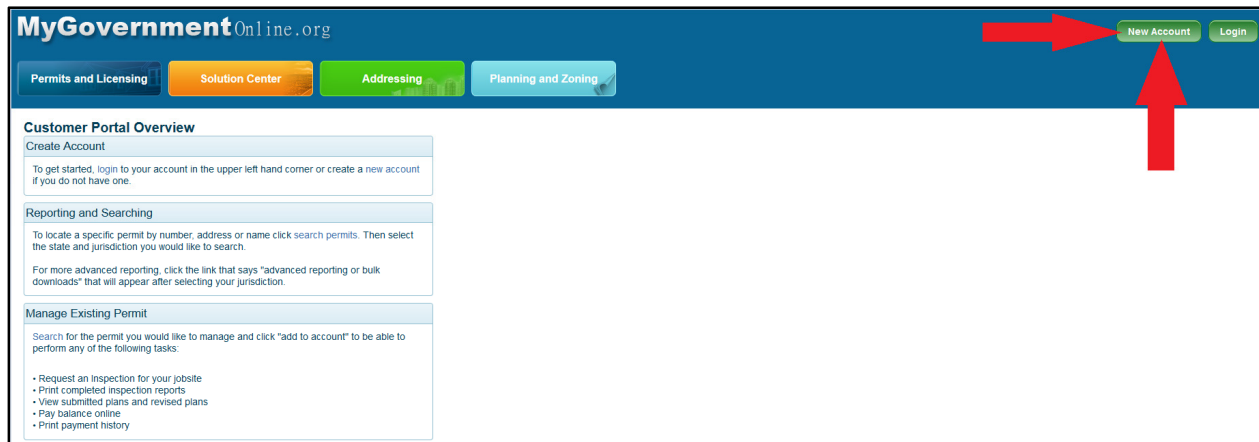

\*Prior to getting started, we encourage you to download and install the web browser Mozilla Firefox. While the MyGovernmentOnline software is designed to operate in any web browser, we have found that Mozilla Firefox is the most secure browser platform when logged on to [www.mygovernmentonline.org](http://www.mygovernmentonline.org)

Firefox is a free web browser that can be downloaded from the following website; [www.mozilla.org](http://www.mozilla.org)

1. To get started, go to [www.mygovernmentonline.org](http://www.mygovernmentonline.org) and click on the **Permits and Licensing** link as shown with the red arrow below.

2. Click on the New Account link at the top right of your screen.

3. Fill in the user account login information required to create your new account. A valid E-mail address is required. The password you enter is very important. Please do not forget the e-mail address. Also ensure that you are not typing in capital letters as the password you enter will be case sensitive. The telephone number you enter must be an active working telephone number. The software service will call the telephone number once you have completed the account creation process. You must be able to answer the telephone call in order for your account to become active. Please phrase the Challenge Question in the form of a question such as “What is your mother’s maiden name?” The answer you type should be one word only such as “Smith.”

The screenshot shows the 'Create Account on Customer Portal' page. At the top, there is a blue navigation bar with the site's logo and four buttons: 'Permits and Licensing' (blue), 'Solution Center' (orange), 'Addressing' (green), and 'Planning and Zoning' (light blue). Below the navigation bar, the page title is 'Create Account on Customer Portal'. A pink box contains three important details: 1. New accounts require phone verification. 2. Please listen to the automated message carefully and follow the instructions given to you. 3. If you miss both calls or are unable to verify your number, contact our office. Below this, there are two sections: 'Your Login Information' and 'Your Account Information'. The 'Your Login Information' section has four red-outlined input fields: 'E-mail \*', 'Confirm E-mail \*', 'Password \*', and 'Confirm Password \*'. The 'Your Account Information' section has three red-outlined input fields: 'First Name \*', 'Last Name \*', and 'Business Name'. Below these, there is a green box with a phone number input field and a green box with a challenge question input field. At the bottom, there is a blue 'Create Account' button.

4. You will receive an “Account Created” confirmation stating that your account has been created. Click the Close button to close the message. A telephone call to the telephone number you provided will follow shortly. When you receive the call, answer the call and press the number 1 on your keypad when prompted. This completes the account activation process.

**If you do not receive the telephone call within 10 minutes, please call the MyGovernmentOnline support line at 1-866-957-3764, option 2 for assistance. Please have your e-mail address and the telephone number used to create your account ready.**
